DTS Announcement

Diversified Technical Systems, Inc. (DTS) and Enpro Technology Co., Ltd. Have officially entered into a sales representative agreement. Effective 6 August 2007, Enpro Technology has full authorization to represent, promote and sell DTS products in the country of China.

Enpro was founded in 1992 with the primary focus being vehicle emissions and protection technology. The ENPRO Group represents worldwide organizations such as MGA Research Corporation, Cambustion, Webber, and Taylor in China. DTS is proud to be associated with these companies and believe Enpro's focus and technological goals fit well within the DTS organization.

DTS is the world's leading manufacturer of instrumentation systems for occupant safety and dynamic impact testing.
