12 June 2006

## DTS Announcement

Diversified Technical Systems, Inc (DTS) and Ultitech Corporation (UTC) have officially entered into a sales representative agreement. Effective 12 June 2006, UTC has full authorization to represent, promote and sell DTS products in the country of China.

Kirsten Larsen, DTS Vice President of Sales and Marketing states, "DTS feels UTC is the premier choice for sales representation in China today due to their dedication to providing the most advanced automobile test technologies and equipment to the customer base. They are a proven leader in the industry."

Jerry Wang, President of UTC says, "UTC is excited about this opportunity and believes DTS is the best choice for data acquisition systems for this market. We look forward to introducing the TDAS product line to our customers."

DTS is the world's leading manufacturer of instrumentation systems for occupant safety testing. The complete TDAS product line enables test labs and manufacturers to perform tests easily and analyze data quickly – ensuring that their products meet and exceed the safety and quality expectations of regulatory bodies and today's consumers.

For additional information, please contact Mr Jerry Wang, President of UTC or Kirsten Larsen at DTS directly.
